CARE OUTSIDE OF PLAN SERVICE AREA senefits provided through the BlueCard® Program are paid at the participating level. Member's sower of billed charges or the negotiated allowable amount for participating providers as agreed	cost share will be either a copaym	ent or coinsurance based on the
Within US: BlueCard Program	See Applicable Benefit	See Applicable Benefi
Outside of US: BlueCard Worldwide	See Applicable Benefit	See Applicable Benefi

- Unless otherwise specified, copayments/coinsurance are calculated based on allowable amounts. After the calendar year medical deductible is met, the member is responsible for a copayment/coinsurance for covered services from participating providers. Participating providers agree to accept Blue Shield's allowable amount plus any applicable member copayment or coinsurance as full payment for covered services.
- Non-participating providers can charge more than Blue Shield's allowable amounts. When members use non-participating providers, they must pay the applicable deductibles, copayments or coinsurance plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar year medical deductible or out-of-pocket maximum.
- The maximum allowed charges for non-emergency surgery and services performed in a non-participating ambulatory surgery center or outpatient unit of a non-participating hospital is \$350 per day. Members are responsible for 50% of this \$350 per day, and all charges in excess of \$350 per day. Amounts that exceed the benefit maximums do not count toward the calendar year out-of-pocket maximum and continue to be the member's financial responsibility after the calendar year maximums are reached.
- Bariatric surgery is covered when prior authorized by Blue Shield; however, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura Counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons. Coverage is not available for bariatric services from any other participating provider and there is no coverage for bariatric services from non-participating providers. In addition, if prior authorized by Blue Shield, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the Evidence of Coverage for further details.
- The maximum allowed charges for non-emergency hospital services received from a non-participating hospital is \$600 per day. Members are responsible for 50% of this \$600 per day, and all charges in excess of \$600 per day. Amounts that exceed the benefit maximum do not count toward the calendar year out-of-pocket maximum and continue to be the member's responsibility after the calendar year maximums are reached.
- For plans with a calendar year medical deductible amount, services with a day or visit limit accrue to the calendar year day or visit limit maximum regardless of whether the calendar year medical deductible has been met.
- 7 Services may require prior authorization. When services are prior authorized, members pay the participating provider amount.
- This plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the Federal government for Medicare Part D (also called creditable coverage). Because this plan's prescription drug coverage is creditable, you do not have to enroll in a Medicare prescription drug plan while you maintain this coverage. However, you should be aware that if you have a subsequent break in this coverage of 63 days or more any time after you were first eligible to enroll in a Medicare prescription drug plan, you could be subject to a late enrollment penalty in addition to your Part D premium.
- If the member requests a brand drug when a generic drug equivalent is available, the member is responsible for paying the difference in cost between the brand drug and its generic drug equivalent, in addition to the generic drug copayment. The difference in cost that the member must pay does not accrue to any calendar year medical or brand drug deductible and is not included in the calendar year out-of-pocket maximum responsibility calculations. Refer to the Evidence of Coverage for details.

is provided separately.

- 10 Please note that if you switch from another plan, your prescription drug deductible credit from the previous plan during the calendar year, if applicable, will not carry forward to your new plan.
- 11 Outpatient prescription drug copayments for covered drugs obtained from non-participating pharmacies will accrue to the participating provider maximum calendar vear out-of-pocket maximum.
- 12 Specialty drugs are available from a Network Specialty Pharmacy. A Network Specialty Pharmacy provides specialty drugs by mail or upon member request, at an associated retail store for pickup.
- Select formulary and non-formulary drugs require prior authorization by Blue Shield for Medical Necessity, or when effective, lower cost alternatives are Specialty Drugs are Drugs requiring coordination of care, close monitoring, or extensive patient training that generally cannot be met by a retail pharmacy and 14 are available at a Network Specialty Pharmacy. Specialty Drugs may also require special handling or manufacturing processes, restriction to certain Physicians or pharmacies, or reporting of certain clinical events to the FDA. Specialty Drugs are generally high cost.
- 15 Contraceptive drugs and devices covered under the outpatient prescription drug benefits do not require a copayment and are not subject to the calendar year medical deductible when obtained from a participating pharmacy. However, if a brand contraceptive is requested when a generic equivalent is available, the member is responsible for paying the difference between the cost to Blue Shield for the brand contraceptive and its generic drug equivalent. The difference in cost that the member must pay does not accrue to any calendar year medical or brand drug deductible and is not included in the calendar year out-of-pocket maximum calculation. In addition, select contraceptives may need prior authorization to be covered without a copayment.
- 16 To obtain prescription drugs at a non-participating pharmacy, the member must first pay all charges for the prescription and submit a completed Prescription Drug Claim Form for reimbursement. The member will be reimbursed the price paid for the drug less any applicable deductible, copayment or coinsurance (Generic, Formulary Brand, or Non-Formulary Brand) and any applicable out of network charge.
- 17 To obtain contraceptive drugs and devices at a non-participating pharmacy, the member must first pay all charges for the prescription and submit a completed Prescription Drug Claim Form for reimbursement. The member will be reimbursed the price paid for the drug less any applicable deductible, copayment or coinsurance (Generic, Formulary Brand, or Non-Formulary Brand) and any applicable out of network charge.
- 18 Blue Shield's Short-Cycle Specialty Drug Program allows initial prescriptions for select specialty drugs to be dispensed for a 15-day trial supply, as further described in the Evidence of Coverage. In such circumstances, the applicable specialty drug copayment or coinsurance will be pro-rated.
- 19 Mental health and substance abuse services are accessed through Blue Shield's Mental Health Service Administrator (MHSA) - using MHSA participating and MHSA non-participating providers. Only mental health and substance abuse services rendered by MHSA participating providers are administered by the MHSA. Mental health and substance abuse services rendered by non-MHSA participating providers are administered by Blue Shield.
- 20 Inpatient services for acute detoxification are covered under the medical benefit; see the Hospital Benefits (Facility Services) section of the Evidence of Coverage for benefit details. Services for acute medical detoxification are accessed through Blue Shield using Blue Shield's participating providers or nonparticipating providers.
- 21 Services from non-participating providers for home health care and hospice services are not covered unless prior authorized. When these services are prior authorized, the member's copayment or coinsurance will be calculated at the participating provider level, based upon the agreed upon rate between Blue Shield and the agency.
- 22 Preventive Health Services, including an annual preventive care or well-baby care office visit, are not subject to the calendar year medical deductible. Other covered non-preventive services received during, or in connection with, the preventive care or well-baby care office visit are subject to the calendar year medical deductible and applicable member copayment/coinsurance.

Plan designs may be modified to ensure compliance with state and Federal requirements. A46397 (01/16) 17337 SD050616_Portfolio
