**We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help you understand how much we pay for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

• For doctors and other professionals the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.

• For hospitals and other facilities, the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.

High Desert & Inland Employee-Employer Trust – PPO Plan 3 Effective Date: 07-01-2019 Open Access[®] Managed Choice[®] - California

PLAN DESIGN & BENEFITS PROVIDED BY AETNA LIFE INSURANCE COMPANY

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your plan "recognizes." Your doctor may bill you for the dollar amount that we don't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit our website.

Plans are provided by: Aetna Life Insurance Company. While this material is believed to be accurate as of the production date, it is subject to change.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. You may be responsible for the health care provider's full charges for any non-covered services, including circumstances where you have exceeded a benefit limit contained in the plan. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

If you are in a plan that requires the selection of a primary care physician and your primary care physician is part of an integrated delivery system or physician group, your primary care physician will generally refer you to specialists and hospitals that are affiliated with the delivery system or physician group.

The following is a list of services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

• All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents.

- Cosmetic surgery, including breast reduction.
- Custodial care.
- Dental care and dental X-rays.
- Donor egg retrieval

• Experimental and investigational procedures, except for coverage for medically necessary routine patient care costs for members participating in a cancer clinical trial.

Home births

- Immunizations for travel or work, except where medically necessary or indicated.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.

• Infertility services, including artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents.

- Long-term rehabilitation therapy.
- Non-medically necessary services or supplies.

• Outpatient prescription drugs (except for treatment of diabetes), unless covered by a prescription plan rider and overthe-counter medications (except as provided in a hospital) and supplies.

- Radial keratotomy or related procedures.
- Reversal of sterilization.

• Services for the treatment of sexual dysfunction/enhancement, including therapy, supplies or counseling or prescription drugs.

- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered.

• Weight control services including surgical procedures, medical treatments, weight control/loss programs, dietary regimens and supplements, appetite suppressants and other medications; food or food supplements, exercise programs, exercise or other equipment; and other services and supplies that are primarily intended to control weight or treat obesity, including Morbid Obesity, or for the purpose of weight reduction, regardless of the existence of comorbid conditions.

PLAN DESIGN & BENEFITS PROVIDED BY AETNA LIFE INSURANCE COMPANY

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a licensed pharmacy subsidiary of Aetna Inc., that operates through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacy's cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.

In case of emergency, call 911 or your local emergency hotline, or go directly to an emergency care facility.
